

## Website Design, Internet Marketing, and Software Development

### **VistaWorks:**

VistaWorks has been providing Internet Marketing and Website Design services since 1995, with clients from Colorado to the Asian Pacific. We pride ourselves on outstanding customer service, and professional website design. When you call us, a real live person will answer your call, and from that point on we will work to make sure your business succeeds. Whether you are just getting started, or need to deploy a sophisticated website and marketing campaign, we have the experience and resources necessary to make it happen. We work with you hand-in-hand to help your business succeed.

### **Job Description – Sales and Marketing:**

VistaWorks is seeking an individual to provide sales and marketing for their entire array of product offerings. This includes selling and pre-selling website design, internet advertising, software development, mobile application development, and other internet marketing based services including consulting.

### **Recommended Qualifications:**

#### **The successful candidate will possess the following:**

- Must know his/her way around the Internet
- Must be familiar with websites, software, and mobile phones and mobile applications.
  
- Experience in researching various topics online.
- Must be able to work in a fast-paced entrepreneurial environment and be self-directed.
- Extensive web and Internet knowledge.
- Familiar with Internet advertising campaigns and online marketing strategies.
- Knowledge of Search Engine Optimization (SEO).
- A true fascination and passion with the online world.
- Minimum of 4 years or more of proven sales and marketing success
  
- Exceptional verbal and written communication skills
- Skilled at hunting/developing new business
- Well-organized and self-motivated work habits
- Accomplished persuasive sales techniques and negotiation skills
- Effective time and territory management skills
- Demonstrated performance above quota
- Bachelor Degree preferred
- Be self motivated, and driven by results.
- Focused and hard-working with the ability to multi-task and work under deadlines.
- Be very determined, thorough, responsible and structured.
- Above average computer skills.
- Fast and eager learner.

### **Compensation:**

VistaWorks can provide a combination of base salary and commission that is very competitive. Pay and commission will be based on experience.
